

XAVER SCHARWENKA

*Celebrated
Composer, Pianist and Teacher Said:*

"On my concert tours which I
have made through the United
States during the past years I
have used

The Baldwin Piano

exclusively. These instruments
deserve in fullest measure the
appreciative recognition which
they have found everywhere.
A noble, full, richly singing tone,
and in all registers even and
most subtly regulated action,
including a touch meeting all
requirements of the pianist,
make the Baldwin Piano a mas-
ter instrument."
