MR. SCHARWENKA

The Human Mind

When considering any specific subject, is apt to connect some famous name with it. This habit is especially marked when applied to musical matter. Thus a Symphony immediately suggests the name of Beethoven, an Opera the name of Wagner, a Rhapsody the name of Liszt, and a Piano unconsciously suggests the name of STEINWAY. Hence the appellations are almost synonymous. The STEINWAY is the official Piano of the Women's Music Club of Columbus.
